

# Look Good Feel Good

At Sancta Maria Hospital, our team of consultant surgeons are fully qualified in all aspects of cosmetic surgery and non-surgical treatments.

We don't pressurise anyone to have cosmetic surgery. If you would like to find out more, why not arrange a free, no-obligation appointment with our Cosmetic Surgery Nurse, who can give you more information on what's involved. Or why not come along to one of our free and informative public seminars which run throughout the year to learn more and to meet our team.

For more information call **01792 479046** or visit **[www.hmt-lookgood.com](http://www.hmt-lookgood.com)** to request our cosmetic surgery brochure.
