

Self-Pay Treatment

from Sancta Maria Hospital

No Medical Insurance?

Why not try self-pay treatment at Sancta Maria Hospital

Waiting a period of time for hospital treatment or tests can be stressful, and if you are in pain can interfere with your normal daily routine.

The **Comprehensive Care*** scheme from Sancta Maria Hospital is designed specifically to help patients without private medical insurance cover, or whose insurance will not provide cover, who want to get their treatment as soon as possible – at a convenient time and date.

The scheme allows you to access the treatment delivered by your consultant and our dedicated team of healthcare professionals in the comfortable surroundings of Sancta Maria Hospital. The costs are agreed and set out clearly in advance, allowing you to budget accurately for your care leaving you to focus on making a swift recovery.

High Quality Care

You'll begin by seeing a consultant in out-patients and discussing your treatment needs. We can arrange this as soon as possible following a referral by your GP. An initial fee will be charged for this service and will be payable when you visit the out-patient department. If you need any help or advice arranging this, please give our appointments staff a call and they will be pleased to help.

If you need to come into hospital for treatment, your consultant will help to organise this at a mutually convenient time. All our consultants are highly skilled practitioners fully accredited by the hospital. They are supported by a team of experienced nursing staff and 24 hour on-site cover by our resident medical officers.

* Full terms and conditions are available upon request

Staying at Sancta Maria

On admission, you will be shown to your own room with television, radio, telephone and nurse-call system. A limited number of rooms have en-suite facilities. If you are undergoing a procedure as a day case under local anaesthetic, you may be admitted to our day case lounge with full nursing support to ensure your stay with us is as comfortable as possible.

How much will it cost?

The Comprehensive Care terms and conditions set out what's included in the charge, and this will be confirmed to you in writing before your admission to hospital.

The initial out-patient consultation is excluded, as it is only following this that we are able to provide you with a quotation for your own specific treatment needs.

Personal Medical Loans

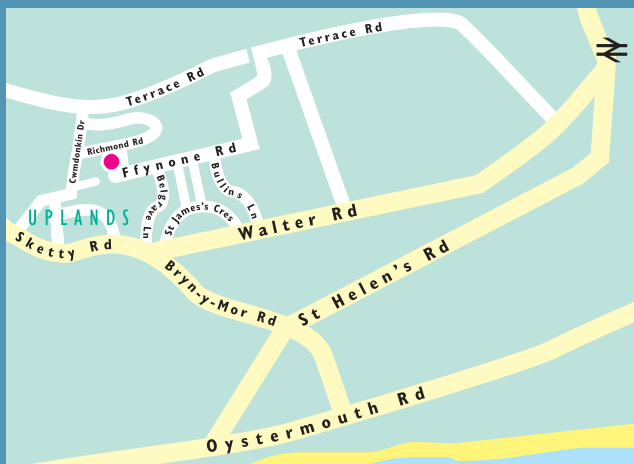

We have arranged a personal loan facility through a leading financial services provider with a choice of financing options to suit your individual needs. Subject to acceptance, you can borrow the amount needed to meet the cost of your treatment, so please contact us if you would like to know more about this facility.

If you need independent financial advice you may wish to visit www.ifadirect.co.uk

I'd like to go ahead, what happens next?

Please get in touch with us to make the necessary arrangements for your initial appointment, or to help organise your treatment with us. At this stage we will provide you with a list of our consultants to allow your GP to make a referral.

Please call us on 01792 479040
